

Toast to Our Stars Memorial Award

The ***Toast to Our Stars Memorial Award*** has been newly established by our committee in memory of two beloved residents. The past and continuing efforts of the Pelzer and Nickisher families have been extremely important to the continued success of the TTOS organization.

Joe, Josie and their son Brent Pelzer alongside *Rotolo's Dodge Chrysler Jeep RAM*, have been outstanding supporters of TTOS: contributing to our organization tremendously through donations and event sponsorship. The TTOS organization's efforts have been greatly impacted by their giving. In 1996, **Brad Pelzer**, son and brother, tragically passed away after a courageous battle with Leukemia. The committee would like to honor Brad's memory by presenting an award in his name.

The second Memorial Award will be given to a student in memory of **Cliff Nickisher**. Cliff and his wife Colleen have been passionate advocates for the TTOS organization. Cliff donated generously to our annual golf outing through Texas Roadhouse. The restaurant continues to do so in his name. He will be remembered by his family and friends as a devoted public servant, working with Relay for Life and Habitat for Humanity amongst many other charities. Cliff's diagnosis of stage 4 cancer did not take the smile off of his face, and he always put others before himself. We hope that this award for a deserving student will help make his lifework "legendary" as he wished it would be.
